Sub: Capacity building programmes for ULBs, Municipalities and Development Authorities

Dear Sir/Madam,

As you may be aware that Association of Municipalities and Development Authorities (AMDA), is the flagship organization having all the Municipal Corporations, Municipalities, Councils and Development Authorities as its members. AMDA is performing the work of institutional development and capacity building of ULBs and Development Authorities across India. It also act as a focal point for exchange of ideas and information relating to Urban Planning and Development.

Needless to state that in the coming decades India will be the epicenter of Urbanization. For the comprehensive planned urbanization, global eyes will be centering on India. ULBs, Municipalities and Development Authorities are the backbone to meet the multi-dimensional demands arising out of urbanizations as they form harmonizing interface in the various levels of development to provide quality urban life.

AMDA is committed to strengthen the ULB's, Municipalities and Development Authorities through its capacity building programmes and regularly conducts seminars, workshops on burning issues. AMDA considers to know the views of the organizations and their expectations to strengthen the areas be fitting them, as well as expects communication from your organization to suggest topics and place to host the seminars/workshops and conferences etc. conveniently suits them best.

A communication in this regard will be highly appreciated. For more details, please visit our website www.amdaindia.org.

Yours sincerely,

(V. P. Sharma)

Admn-cum-Accounts Officer
